

# BENJAMIN CURTIS HANSEN

## objective

to apply my unique skills and enthusiasm for environmental and social sustainability through the creation of exceptional architecture.

## architectural experience

under the direction of Mike Vela, AIA, created a sample set of CONTRACT DOCUMENTS for a mixed-use high-rise.

performed the CONSTRUCTION on a complete house renovation; as well as, studied unique forms of construction such as prefabrication and mass-customization.

explored the use of digital and analog tools in the ARCHITECTURAL DESIGN process on projects ranging from residential to healthcare facilities.

studied and implemented passive and active strategies for SUSTAINABLE DESIGN.

## volunteer experience

volunteered with habitat for humanity to help with a house remodel.

volunteered on a ups safety committee to promote workplace safety

volunteered at primary childrens hospital, visiting children and their families.
